Head pupil manifesto 2025/26

ABOUT ME

I'm Aoife, I would really love to be your head pupil.

While writing this I was thinking "what do people want to know about others?" and came to the conclusion that I'd answer commonly asked questions, so here are my answers to these. My favourite colour is purple, I've done Judo, Badminton and girl Guiding for over ten years. I've had snails before (they just taste like garlic). I've taught a lot of clubs outside of school. I'm currently doing gold DofE and finally I'm devoted to make Knox not just a great place to learn but hopefully somewhere that pupils want to come to.

WHY VOTE HOLMAN

Like my name suggests, not only am I female, I am also a **whole man**, making me perfect to represent everyone in the school community. This campaign is for the sole reason of putting Jeffrey the goat into power. Ignore that last bit, I don't know what came over me. I am loyal to what I believe in and I believe that school is somewhere that students should look forward to going to. I'm working towards making learning fun and appreciating the smaller achievement of the students.

WHY I'M RUNNING

Being head pupil would give me the opportunity to solve issues that I went through at school as well as pass on my love of this school on to the next generation, as I hope to create new traditions and make new ones that can better the school experience for not just the pupils but the teachers as well. I want to do this by creating a more tight community and more opportunities to support your house through academic achievements and gain more confidence to lead and in your self as well.

VOTE JEFFRY

Policies

MORNING ANNOUNCEMENTS

Every Friday during registration a Google meeting with two hosts would talk about recent events that are happening throughout the school, whether that's events that people are doing, a sports team winning a game, updates on the library books and smaller more personal achievements, this can lead to pupils feeling more confident after celebrating their successes and create more community throughout the school as people's achievements and events are celebrated by the school.

SCHOOL CLUB FAIR

At the beginning of the year, maybe the second month into the school year, a fair similar to the volunteering fair is held, but for all the clubs to gain more participants and make sure all the pupils know what is available at Knox, this can also lead to students being able to create clubs and find people who would be interested in joining, meaning the students would have a more proactive role in lunchtime clubs.

DIVERSE HOUSE COMPETITIONS

I want to introduce more competitions that are not just physical but also academic and creative, for example a writing competition or a maths competition, whoever wins earns a certain amount of house points. This would make everyone feel they can add something to their house if they don't enjoy sports and prefer other activities. This would lead to students becoming more ambitious if they currently don't participate in any house activities.

BETTER AVAILABILITY

Every two months I want to hold a focus group made of a diverse selection of pupils to talk about issues or concerns around the school, and how these problems can be resolved. This will shape a sense of community growth between pupils. And keep the school in contact with me. I'm going to have QR codes that lead to a form about any concerns that people don't want to talk about in person or important issues that need to be resolved immediately and can't wait for the next meeting.

END OF EXAM EVENT

After the exams are finished seniors should be able to relax for a day, they deserve a celebrating some kind of school wide picnic on the field with fun activities that can be done on the first day back after exams, this will lead to student coming in for that first day of school after exams as to not miss the experience. This will build school wide relationships as the whole school interacts in a friendly manner without any competitions
