## WHY SHOULD I BE ELECTED AS HEAD PUPIL

I am confident and hard working which allows me to have strong communications skills, which means that I am able to help others if and when they need it. My positive attitude along with my reliability and organisation will make me an ideal head pupil. My ability to connect with my peers and teachers easily would enable me to bring in a welcoming and inclusive school environment where people feel accepted and seen. In addition, my confidence and trustworthiness further demonstrate my capability to lead by example and inspire my fellow students in and out of school. I am an approachable which would make it easy for my peers to voice their concerns, seek guidance, and share their ideas with me. This would help me to effectively represent the people in our school as I will be able to address their needs and help to advocate for positive change in every aspect of the school.

## **SENIORS PREPARING S4'S FOR EXAMS**

If I become head pupil, I will create peer lead drop in sessions to help younger students prepare for exams by supporting them with helpful ways to study. I had a tough time figuring out how to study and do well in exams when I was in S4. Therefore, I want to be able to help S4 students feel more confident in themselves by giving them the most helpful tips and information to do their best in exams. Giving them the opportunity of having a peer to talk to when they are feeling overwhelmed. This way, they can feel confident and ready for their exams, avoiding the same struggles I had, and other people too.

---

## **SUGGESTION BOX/FORM**

If I become head pupil, I want to set up a suggestion box and a google form where all students can share their thoughts, ideas, and concerns. This way, everyone can have a say in how things are run in our school. I promise to personally read each suggestion and bring them up at our pupil council meetings. By listening to everyone's input, we can work together to make our school a more positive and inclusive place where everyone's voice matters. Together, we can make positive changes that benefit us all and create a school environment where everyone feels heard and valued.

---

## **LESS ASSEMBLIES IN PERSON**

Last year we had house assemblies almost every week. Instead, I believe we should change the number of house assemblies too monthly because pupils talk about them being boring and repetitive. These should continue to be held in person or through a Google Meet. This way, we can still come together as a house and discuss important matters, share updates, and celebrate achievements in our house and across the school.
