Tesla Edinburgh have a fantastic opportunity for a Vehicle Technician Apprentice to join their busy workshop.

Tesla specialises in the manufacturing of all-electric vehicles as well as clean energy generation and storage products. We're solving the world's most important problems by hiring talented individuals who share our passion to change the world and help deliver our mission to accelerate the world's transition to sustainable energy.

The Tesla Apprenticeship Programme is designed to train and develop apprentices in a way that enables them to keep pace with advancing technology and high levels of customer service.

The comprehensive programme provides apprentices with an exciting and challenging opportunity to achieve formal qualifications through extensive product training, while in full-time employment.

This is an unrivalled opportunity with world-class training delivered in Nottingham and superb future career prospects.

Duties will include:

- Working alongside qualified Tesla Technicians with the investigation, repair and service of vehicles
- Working alongside a Diagnostic Technician
- Clean and Detail Vehicles if needed
- Abide by Health & Safety standards
- Other general technical duties and general housekeeping
- Work in a team-based environment and achieve common goals.
- Providing excellent customer service to internal and external customers

Training will take place one week in seven via seven separate weeks of block release per year to Emtec College in Nottingham. The apprenticeship is two years in length.

For more information please see [Tesla Apprentice Technician | Nottingham College](#)

The Watchman Hotel is looking for staff!

For anyone looking for opportunities in catering, the Watchman Hotel in Gullane is looking to hire, train and support individuals interested in joining their team.

Please see the advert below and contact the Watchman via e-mail to express your interest.
