

Olivia Kelly

Head Pupil 2026 Manifesto

About Me

Hello, I'm Olivia and I would love to be one of your head pupils to make the school a better place for you. Outside of school I am a volunteer swim coach, an active member of the swim club and have developed **strong leadership skills** because of it whilst also learning to be **adaptable** to other people's wants and needs. Whilst I have attended Knox I have always stood up to problems and was always **ready to take on a challenge** even if it seemed impossible (like crashing higher chemistry after not studying it since s2), this developed my **resilient and hardworking attitude** to any problems I may face.

Why Should You Vote For Me?

I think school is a place where you should feel **comfortable, treated fairly** and have access to the learning you need to succeed. This is why as Head Pupil my main focus would be for **everyone to have equal opportunities to succeed**, whether it be a skill you have like music, sports or art, or needing an extra academic push. I would work to build a **stronger, more supportive community** in the school by running a student-led tutoring club for students who want **volunteering** on their CV and for students **needing extra help** with their learning. I would also advocate for a **more inclusive sports day**, with everyone being involved and outside with other opportunities to participate than just sports, and a student run spring concert so musical students get more performing opportunities. I believe **everyone deserves a say** in making their school a better place and if elected I will **actually act upon problems** across **all** year groups as I'm an **honest person** who believes in democratic rights.

AMITION . RESPECT . COMMUNITY..... and INCLUSIVITY!
