Dear Parent/Carer

S1 Technologies

It was lovely to meet all the new S1 pupils at my assembly on Wednesday morning. They were all issued with their new timetables and seemed very enthusiastic to get to their lessons and start learning. At the assembly they also met their register teachers who will travel with them throughout the year and meet and greet them every morning at 8.44 until 8.56am. This registration period also allows time to focus on important themes such as the school values of ambition, respect and community.

As you may be aware we have advertised for a teacher of Technologies and hope to recruit one soon. Until we appoint a teacher we are unable to timetable S1 pupils for this subject. As an interim measure pupils will attend an extra period of science at this time. This will mean they get four periods of science as opposed to the usual three.

I appreciate this will come as a disappointment to pupils and to you as parents/carers but we hope this will only be a short term measure.

Can I thank you for your support and understanding in the meantime.

Yours sincerely

Sue Cook
