Team!  
keep our  
school  
Green!

KNOX ACADEMY

### **What I will bring to the school as the Head Pupil**

- Encourage more outdoor learning in our new courtyard area when its complete.
- Decrease plastic pollution by adding plastic bottle and cans recycling bins in the food court and social areas.
- Younger years to have their say by seeking their ideas for future school projects; this will make our school more inclusive.

# About me and what I'll bring to this school

Hello! My name is Thomas Robertson and I am running for Head Pupil. Here's a little about me; I enjoy the outdoors and have been wild camping since I was very little. In sports I do like to play basketball as it is fast paced and is a very inclusive team game.

What I would bring to the table... As I've said I enjoy camping, this involves being prepared for anything that may be thrown at me, meaning I can work well under pressure and make strong decisions. My experience in basketball has helped me gain good team skills to work effectively together. I like to think of myself as a very approachable individual. This means as Head Pupil I would be someone that you could comfortably go to and ask questions or give ideas!
