

Many thanks to Max Sykes and Canon for providing Meadowpark pupils with digital cameras to support learning through SQA Personal Achievement Awards. We were delighted to be able to share our news with Sue Cook, Head Teacher of Knox Academy and Shamin Akhtar Cabinet Education Spokesperson for East Lothian Council. We believe passionately that all young people at Meadowpark deserve the very best education with an expectation that they will be able to continue a lifelong journey either into work, further study or in some cases independence.
